—BLO!

"Young man, don't be afraid to blow your own horn, but don't blow it in front of the procession; go to the REAR and do it!" —Josh Billings.

A few years ago there was added to the Street Procession of Marion the CHAIR, with a horn of

A NEW HORN.

It was made in the "rear" at first associated, almost unknown, through time, having no identity of performance, its utility of TONE and BEAUTY of EXECUTION were at length recognized by its immediate neighbors, the procession, "front and rear," and today "it leads the van." PUBLIC CONFIDENCE, ADULATION, PATRONAGE, PRAISE and LOYALTY, have been won legitimately by the OUTSTANDING worth of the class of goods we handle. Dear reader, will YOU join the procession and help us protect your PURSE?
